Mr. Comer,

Our annual expenditure for monthly and “all-day” bus passes is approximately \$8,500.

Our clients are individuals who are returning to the Kansas City area from correctional facilities in the state of Missouri.

The bus passes we supply assist these individuals in getting to jobs, appointments with social service providers, drug treatment sessions, mandatory visits with parole officers and other trips that may arise.

Without this service, our clients would be severely limited in their ability to achieve a successful return to society.

Sincerely,

Arthur Diaz
